

COVID-19 Update
September 28, 2020 16:00

1 active case
25 recovered
1 death
27 total

Be kind to each other and remember that language and actions can hurt others. When people feel fear they may be less likely to get tested.

You should get tested if you have any COVID-19 symptoms.
If you have any these symptoms you are legally required to isolate for at least 10 days from the start of your symptoms or until they resolve, whichever is longer:

- Fever
- Cough (new cough or worsening chronic cough)
- Shortness of breath or difficulty breathing (new or worsening)
- Runny nose
- Sore throat

For more information on testing, visit <https://www.alberta.ca/covid-19-testing-in-alberta.aspx>

Please continue to do your part to ensure the safety of our community members of all ages against the spread of COVID-19.

Ensure you are receiving your information from trusted sources. For the latest news for Albertans on COVID-19, including updates on government actions, visit [alberta.ca/covid19](https://www.alberta.ca/covid19)

If you feel a group or business is not abiding by the current rules or or you believe someone is not self-isolating when required to do so, you can submit a complaint to AHS, and a public health inspector will look into it. Please call 1-833-415-9179 or visit this site to submit a complaint: <https://ephisahs.microsoftcrmportals.com/create-case>
