

COVID-19 Update December 2, 2020 16:00

9 active cases
30 recovered
2 death
41 total

The Pincher Creek area now has 9 confirmed active cases of COVID-19.

The Pincher Creek region is currently classified by AHS as “open”, as we have less than 10 confirmed active cases. If the Pincher Creek region confirms 10 active cases we will move into enhanced public health measures and will remain under the “enhanced” zone restrictions for the period of time the public health order is in effect.

The following mandatory restrictions are currently in place for the Pincher Creek area, because we are classified as “open”:

- No indoor social gatherings in any setting
- Outdoor gatherings max of 10
- Wedding and funeral services max of 10, no receptions permitted
- No festivals or events
- Grades 7-12 at-home learning Nov 30-Jan 11
- ECS-Grade 6 at-home learning after break until Jan 11
- Working from home should be considered, where possible

For details on all the additional measures that result from “enhanced” classification, please go to:
<https://www.alberta.ca/enhanced-public-health-measures.aspx>

A process and sample documents are now available for Pincher Creek businesses and organizations with employees so they can support Alberta Health Services with rapid response. Employers are asked to be aware of employee symptoms and track ‘close contacts’ with other employees in confirmed positive cases. For information on this process and to view the documents please go to
<https://www.pincherchamber.ca/rapid-response>
